Hair on Bald Heads.

WARTING FOR CENTURIES. The greated discovery of our day, so far at o by 11s use, as well as fre ta personal time fodge, which effects a complete and radical cure in case of baldness, or waere the hair, owing to diseases of the scalp, has become thin and tends to fall out.
It is also a specily restrictive, and, while its use secures a luxuriant growth of hair, it also brings back the natural color, and gives the most com-plete sail faction to the using. The falling out of the hair, the accumulations of dandruff, and the premature change in color, are atteridences of a discussificondition of the scalp and the glands which marish the hair. To arrest these causes the article used must possess up that as well as chemical virtues, and the change thus the glu ander the scalp to be of perocasent and lasting leneft. Such an gritele is Canadian, and like many other washevial discoveries it is found to canala of elements almost by their natural state. Potro extraordinary results; but it is after it has been heioleally Areated and completely deodorized tha It is in proper condition for the tolici. It was in far-oif Russia that the effect of petroleum upon the halr was first observed, a Government officer havtur noticed that a paritally bald-headed servant of his, when trimming the lamps, had a habit of whi ling his oft-benneared hands in his scanty books, and the result was in a few moutles a much fiver head of black, glory hair than he ever had before. The all was tri d on horses and cattle that had lost their hair from the cattle playue, and the manes and even the tall and horses, which had fat-len nut, were completely restored In a few weeks, These experiments were heralded to the world but the knowled to was practically no less to the presistancly bald and gray, as no one to elythred seelety could be crate the use of reduct petroleum J. C. ASHBY, as a dressing for the bair. But the skill of one of J. C. ASHBY,

our wen cheads to has overcome the differ by a proce a known only to himself, he has after very elaborate and coully experiments, succeeded In deadorbing petroleum, which renderedt sus-ceptDidentlis ing handled a adalutity as the famous cande colories. The experiment, male with the deadorbined Handle on the human hair were atbuild with the most asterd drieg results. A few quitcations where the bull was thin and fulling gave remarkable tone metalgor to the scalp and hair. Caser particle of daulruff disappears on terious operation of nature the use of this article gradually imparts a beautiful light-brown color to the hair, which, by continue in se, de pens in a black. The color remains permanent for an in-definite length of time, and the change less grad-ual that the most influsive friends can scarcely

deterials progress. In a word, it is the tood won-dering discovery of the age, and well calculated o make the prematurely but I and gray retolers. We advise our readers to give it a trial, feeling satisfied that one application will convince them of the wonderful effects.-Pattsburg Commercial of The article is telling its own story in the lands of tien ands who are using it with most grailly-lag and encouraging results: lag and encouraging results:

will incure more to the benefit of the people in this section than anything else. Farmers will now devote more gttention to the wheat crop than they have heretolore done. There is already a larger crop sown this fall in this section Geo. P. Rowell & Co's of the country than there has been for several years. It is to be hoped that the farmers will quit the raising of tobacco

their labor. Large quantities of hoop poles and staves are being shipped from this station this fall. Rowe & Bro shipped six car loads of hoop poles last week.

TRIED. TRUE MEXICAN

OLD,

Mustang Liniment, FOR MAN AND BEAST. This lintment very naturally originated in Amariea, where Nature provides in her laboratory such surprising antihotes for the maladica of her chil-dren. Its fame has been spreading for 35 years, until now it encircles the habitable globe.

The Maxican Eustang Liniment is a matching

remedy for altexternal alimants of man and boast. To stock owners and formers it is invaluable.

A single bottle often saves a human life orrestors the usefulness of an excellent horse, ex. cow, or sheep.
It cures foot rot, hoof-all, hollow horn, grub, screw-worm, shoulder-rot, mange, the bites and stinga of poisonous reptiles and insects, and every such drawback to steck breeding and bush life. It erros every external trouble of horses, such as laineness, sentenes, awinny, sprains, founder, wind gall, ring-hone, etc.; etc.

wind gail, ring-hene, etc., etc.

The Mexican Yustang Limiment is the quickers euro in the world for accidents occurring in the family, in the absence of a physician, such as burns, scalds, sprains, cuts, etc., and for rheumatiam, and stiffness anyondered by axposurs. Particularly valuable to Miners.

It is the absence of a particular to the world for it.

Ayer's Sarsaparilla

of Potassium and Iron, and is the most efficacious medicine yet known . for the diseases it is intended to cure. Its ingredients are so skilfully com-bined, that the full alterative effect of each is assured, and while it is so mlld as to be harmless even to children, it is still so effectual as to purge out from the which develop into loathsome disease.

The reputation it enjoys is derived from its cures, and the confidence which Wholesale Agent,

This Sarsaparilla is a combination of

vegetable alteratives — Stillingia, Mandrake, Yellow Dock — with the Iodides

Certificates attesting its virtues have accumulated, and are constantly being received, and as many of these cases are publicly known, they furnish convincing evidence of the superiority of this Sarsaparilla over every other alterative medicine. So generally is its superi-ority to any other medicine known, that we need do no more than to assure the public that the best qualities it has ever possessed are strictly maintained.
